Mount Pleasant

Special to The Courier.
MOUNT PLEASANT, July 8.—Misses Rachel and Sarah Noel entered the Missionary Society of the Presbyterian Church at their West End home on Wednesday afternoon. Miss Rachel Noel was the leader. Lyda Evans of Scott, North Carolina, gave an excellent talk that was very much appreciated by all those present. Miss Anna Smith had a paper on "The Work of the Woman for Home Missions." Mrs. E. L. Marsh gave a paper on the past year. Mrs. S. A. Gort gave a book review on "Letters and Sketches from the New Hebrides." Mrs. R. C. Stevenson and Mrs. John Stouffer, the social committee, had a very nice social hour arranged.

The local suffrage leaders are preparing to receive the Woman's Liberty Bell with a great demonstration on next Tuesday. Pennsylvania has been received from the burgess, John L. Shields, to have the bell exhibited on the corner of Main and Church streets from 3 to 4 o'clock in the afternoon. A committee of local believers in this movement and some of the town's most prominent men are preparing to go to Scotland and meet the bell. This committee will be in automobiles and escort the bell to this town. At the corner at 4 o'clock the address of welcome will be given by the Rev. T. C. Harpoe and then another prominent speaker will be present and tell what the bell stands for. A committee of Greensburg people will meet the bell here.

On account of the Liberty Bell coming on Tuesday the general opening day of the local playground at Park Park has been postponed until next Thursday evening when a game of ball will be played between the local boys and the Greensburg team. The local boys' team is getting lots of practice and promises to make an excellent team. Yesterday they defeated the Greensburg team by a score of 19 to 8. On Saturday they will play Parktown at the park and on Tuesday they will meet the Greensburg team.

The Discomfort of Dust

The advent of the automobile has made living in a great many communities almost INTOLERABLE.

A machine sweeps by your door and leaves in its wake a trail of dust that CHOKES and BLINDS you—that paints your flowers, your porch, your curtains, furniture, carpets and rugs with a coating of dirt.

**YOUR HEALTH IS MENACED—
YOUR PROPERTY DAMAGED!**

You cannot enjoy the PLEASURES of your porch because it is not fit to sit on.

Your wife is CONSTANTLY WORKING to keep things CLEAN—the desire of every woman who takes a natural PRIDE in her home.

From the outside your house looks shabby and old. So does your neighbors'—practically the entire community.

How does this affect the chance visitor or the man looking for a new location?

Isn't it natural to suppose the first goes away and spreads the news that your town is NOT PROGRESSIVE? And the latter is unfavorably impressed and moves on to the next town whose citizens have appreciated the advantages of well-kept roads?

As a community you want to grow—to see your property improve in value—your merchants flourish—your taxes reduced.

You cannot accomplish these things if your roads are NEGLECTED.

And there is LESS REASON today for neglecting your roads than ever before.

Right at this moment The Atlantic Refining Company of Philadelphia and Pittsburgh, is under contract with this State to oil or resurface with asphalt hundreds of miles of State roads.

With a big fleet of auto trucks and wagon distributors, they are operating in every county in the State. This makes it possible to take care of your roads IMMEDIATELY, to make prompt deliveries of material, put it on the roads—in fact, handle the whole job in the most ECONOMIC manner for you.

One of the Atlantic road experts is now at work with the County Engineer. He will be glad to meet with you and CO-OPERATE to make your roads what they should be. He can furnish you accurate figures on the cost of any part or all of the work—he will ASSIST you in arousing interest and devising ways and means to finance the project.

Get in touch with this man.

This means YOU!

Write today to The Atlantic Refining Company, Philadelphia or Pittsburgh, and say you want to see the road expert in your vicinity.

Don't put it off—summer is here—the work should be done AT ONCE!

Tell Your Story to the Woman

No person is more eager for ideas and suggestions than the woman who runs the home. She is in a sense the 'head of a factory' turning raw materials into finished products day by day. She is a newspaper reader because she finds in her newspaper many items of use to her. The manufacturer who neglects to tell his story through newspaper advertising overlooks the best avenue to the eyes of the great buying power of America. Manufacturers seeking light on the subject are invited to address the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.

CARNIVALS' PART IS TAKEN BY MAN LONG IN BUSINESS

Rollins Tells Why He Believes They Should Not Be Banned.

BRING MONEY INTO THE TOWN

Points Out That Connellsville Today Has Approximately 500 Show People Here Who Are Spending Liberally; Owners Make Small Profits.

Ancient the carnival controversy, which has resulted in the introduction of an ordinance in Connellsville prohibiting such amusements in the future, George W. Rollins, manager of the famous animal show with the Shedd's show, after the view of carnival men in the matter, Mr. Rollins has spent 30 years in the show business in every capacity from musician to owner of a 22-car circus, all of which, he claims, has been swept away in the business depression of the last three years.

"At the present time there are in Connellsville between 400 and 500 show people," says Mr. Rollins, "all of whom must find lodging and board. Unlike circuses, these combinations carry no cook-house or accommodations for those employed in any capacity, with the possible exception of the owner, who usually has a private car. These people must find places to cook and board. They are good fellows. You will find that there will be spent close to \$2,500 by these people for living expenses alone. In addition to what other purchases they may make at your stores. Then add \$2 a day to the railroad for parking probably 20 cars, the expenses of hauling, the cost of billposting, newspaper advertising, electric light and water bills, the license exacted by the city and imagine what money goes into the pockets of the city and the people."

"In owning and managing shows along carnival lines," continued Mr. Rollins, "it is my experience that not one in 100 ever accumulates a dollar. I've been through this, and I know. I have made the show business a life study and tried to lead an influence for good and now I am trying to educate an only son in the right way and at this time of life I am in a hurry and training is solely in the business which I know most of. The carnival is the poor man's recreation. The rich engage away in sports, the world for amusement, the poor wage earner must stay at home and wait for amusements to come to him, and they must be low-priced, ones at that. Who will prohibit the poor man from seeing a show of this character, well within his means?"

WHISTLING A FEATURE

Arch Barker Fringing Drawing Card at the Harbort Carnival.

Whistling is proving a popular drawing card at the Harbort Carnival on Fayette field. Arch Barker went on again last night with Cyclone Mitchell, the carnival's star grappler, and stayed the limit. Arrangements are under way for a final match between Barker and Mitchell before the week ends.

Silver City Kid's Wild West Show has joined the Harbort aggregation. Exhibits of fancy riding, rope throwing and other wild west stunts will be given. Although lack of rain prevents the entire wild west show from being staged, free exhibitions of the best stunts will be made.

Hostetter lead the game until the sixth inning when Marguerite tied and then in the seventh pitched one across followed by another in the ninth, giving them the game. The score by innings:

Marguerite . . . 1 0 0 0 2 1 0 1—5
Hostetter . . . 1 0 1 1 0 0 0 0—0
